HEADLINERS 4

Beers constantly on offer, brewed on a regular basis.
Usually stocked in our warehouse in large quantities.

SEASONAL 12

Beers we brew seasonally – a new batch is brewed a few to a dozen months after the prevous one.

OVERCLOCKED 26

Brewed about as frequently as the seasonal beers.
Characterized by original ingredients, more hops than usually. Made to provide new, interesting experiences.

WILD & FUNKY 34

Aged in barrels and additionally inoculated with yeast for that time.
Characterized by mild sourness and wild aromas - unmistakable for any other beer. Brewed once a year.

Chill out and get to know the world of beer made by true passionates of craft!

We have created many great beers. From German classics, through Belgian monastic beers to new wave variations enriched with many different kinds of hops coming from America, New Zeland or Australia.

With every bottle of Wrężel we share with You our passion and love for beer. Don't take our word for it - instead come with us on a journey - a journey which Wrężel makes every day from the process of brewing all the way to meeting You.

Our history

Browar Wrężel is a contract craft initiative, established on the 26th of June 2014. We brew in Browar Zarzecze, placed in a picturesque surroundings of Żywiec Lake in Southern Poland. In the late 2014 our beer was already standing on store shelves. One year later we signed a contract with Tesco and sold over 40 batches of our beer. In 2018 we doubled our sales, started cooperating with a marketing agency and bought a plot of land for our own brewery.

At the turn of the years 2019/2020 we ran a crowdfunding campaign among our fans to raise money for the construction of the Wrężel Brewery. Thanks to over 2.500 people we were able to gather almost 2 million PLN.
